### African Utility Week

22 – 25 February 2010, Durban, South Africa. The role of renewable energy is examined as part of a comprehensive energy mix and rural electrification and access to water will be debated by industry visionaries. Register now for Africa's mega power conference and exhibition. To download the programme or register online visit [www.african-utility-week.com](http://www.african-utility-week.com).  
**Enquiries: Claire Volkwyn. Tel. 021 700 3559 or email claire.volkwyn@spintelligent.com.**

### Power Indaba 2010

22 – 24 February 2010. Durban, South Africa.  
Power Indaba 2010 offers a forum in which power leaders from developing countries can discuss financing and how to overcome the stumbling blocks to securing appropriate funding for critical regional projects, providing the tools and practical applications to create an investment-friendly environment through incentives and legal frameworks.  
**Enquiries: Claire Volkwyn. Tel. 021 700 3559 or email claire.volkwyn@spintelligent.com.**

[volkwyn@spintelligent.com](mailto:volkwyn@spintelligent.com).  
Visit [www.powerindaba.com](http://www.powerindaba.com).

### ENERGY INDABA 2010.

*Solutions for Africa. Conference and Exhibition. Sandton Convention Centre 24-26 February 2010.*  
This event forms part of the African business calendar and will promote sustainable development initiatives across the African continent. **Enquiries: Tel. 011 463 9184 or visit [www.energyafricaexpo.com](http://www.energyafricaexpo.com).**

### Transmission and Distribution World

*Exhibition: 16 and 17 March 2010. Conference: 18 March 2010.*  
After years of neglect we are left with failing infrastructure, high costs, no provision for investment, and with Africa's reliance on the current transmission and distribution lines - the future looks dull! Africa needs to step up their actions and find a long-term solution to this crisis!  
**Enquiries: Tel. 011 516 4048 or email [terrapinn@za.terrapinnmedia.com](mailto:terrapinn@za.terrapinnmedia.com).**
