Energy Efficiency Made Simple 2009

There has been an overwhelming response to the Energy Efficiency Made Simple 2009 handbook, which was included – free of charge – with the June issue of Electricity+Control. The good news is that Crown Publications is selling a limited number of these sought-after handbooks at R250 each. If you are interested in purchasing a handbook please contact the E+C editor, Wendy Izgorsek on 011 622 4770 or email ec@crownc.co.za.

MUSTS FOR YOUR DIARY

Master Series: Instrumentation & Control: 20-23 July 2009

Venue: IDC Technologies; Midrand, Johannesburg.

This Instrumentation and Control Master Series delivers a critical blend of knowledge and skills, covering technology in control and instrumentation, industry analysis and forecasts, leadership and management-everything that is relevant to a modern control and instrumentation engineer.

Enquiries: Shane Mokgosi. Tel: 087 751 4394/0796295706 or email: shane@idc-online.co.za

Hardex 2009: 2 - 4 August 2009

Venue: MTN Expo Centre at Nasrec.

This year Hardex celebrates 23 years and it promises to be yet another great show. Hardex 2009 gives exhibitors the unique opportunity to demonstrate their products directly to their customers

and because of the tangible nature of an exhibition, visitors to the show are able to experience the practical application of products. It provides the perfect platform for people in business to capitalise on the potential in this growing industry. Everyone will attend - from owners, senior executives, buyers, building contractors, BEE contractors, franchise groups, chain stores, builder's merchants, nurseries, agricultural co-ops, industrial distributors, sanitary ware and plumbing products stockists, cabinet makers, outdoor product suppliers, general dealers, locksmiths, manufacturers and government departments.

Enquiries: Roz Nash. Tel. 011 835 1565 or email roz@specialised.com.
