

CONTINUING EDUCATION

FLUKE EDUCATIONAL PORTAL

Fluke is making its body of knowledge available to any registered training facility or educational institution, either privately owned or in the public domain. The facility simply applies to become a partner of the Fluke Educational Portal, and once accepted has free access to the website's information portal.

Available course material includes:

- Basic electrical measurement
- Electrical measurement safety
- Electrical measurements on adjustable speed drives
- Harmonics
- Insulation resistance testing
- Maintaining and troubleshooting HVAC/R systems
- Power quality
- Process instrument, calibration and maintenance

Contact Val Verwer at Comtest on (011) 254 2200 or email info@comtest.co.za

IDC TECHNOLOGY COURSES**Operation and maintenance of diesel power generating plants**

Johannesburg: 2-3 July
Durban: 5-6 July

Boiler plant operation and management for engineers and technicians

Johannesburg: 9-10 July
Durban: 12-13 July

Practical HAZOPS for engineers and technicians

Johannesburg: 16-17 July

Practical analytical instrumentation in on-line applications

Johannesburg: 23-24 July

Troubleshooting and problem solving of industrial data communications

Richards Bay: 23-24 July

Practical routers and switches (including TCP/IP and Ethernet)

Richards Bay: 25-26 July

Practical power distribution

Johannesburg: 2-3 August

Earthing of utility and industrial distribution systems

Johannesburg: 2-3 August

Wireless, Ethernet and TCP/IP networking

Johannesburg: 15-16 August

Practical centrifugal pumps - optimising performance

Johannesburg: 21-22 August

Durban: 23-24 August

Practical mechanical drives (belts, chains and gears) for engineers and technicians

Cape Town: 27-28 August

Financial fundamentals and project investment decision making

Johannesburg: 30-31 August

Troubleshooting and problem solving of industrial data communications

Cape Town: 30-31 August

CONFERENCES AND EXHIBITIONS

ENERGY EFFICIENCY AWARENESS ROADSHOW - RUSTENBURG

This event, hosted by the SAE, provides an excellent opportunity to find out more about the issues and marketplace developments that impact your decisions, and to see the latest technology trends, while you network with your industry colleagues.

This is a must-attend event for commercial, industrial, institutional or government energy users who want to explore first-hand the latest technologies and strategies available to reduce costs, upgrade and improve equipment performance, and increase overall operational efficiency.

Date: 15 June 2007

Time: 08h00 to 16h30

Venue: Anglo Platinum RPM Mine Recreation Club, Rustenburg

Contact Nikki on (018) 293 1499

ELECTRO-TECHNICAL AND EQUIPMENT, TRANSMISSION, DISTRIBUTION SUPPLIER ROADSHOW

This roadshow will visit many areas and is relative to industry, mining, consultants, municipal authorities, national institutions. The 2007 dates and venues are as follows:

9 July - Saldanha

10 July - Cape Town

12 July - Bloemfontein

14 Aug - Durban

16 Aug - Richards Bay

11 Sep - East London

13 Sep - Port Elizabeth

26 Sep - Luanda (Angola)

17 Oct - Malawi

31 Oct - Swaziland

14 Nov - Mauritius

28 Nov - Tanzania

SUSTAIN 2007

The aim of the conference and exhibition is to advance the sustainable development cause in Southern Africa and to provide a platform on which the owners of processes that contribute to sustainability are able to showcase the merits and competences of these processes to an audience that can see commercial as well as developmental benefits in employing them.

The exhibition will demonstrate the products and processes that are available to reduce pollution in its widest sense and, practically, restore the ecological and environmental balance.

Date: 15-17 August 2007

Venue: Sandton Convention Centre
