

The HellermannTyton

MINDBENDER

An express problem

An express train takes three seconds to enter a tunnel which is 1 km long. If it is traveling at 120 km an hour, how long will it take to pass completely through the tunnel?

Solution to July 2006 mindbender

Match the matches

Winner

Jaco Fourie of Iyanda Power Technologies

Competition rules:

Answers must be written in block capitals on the coupon provided and entries must be posted, faxed or e-mailed to arrive no later than **6 October 2006**.

The first correct entry drawn will receive the Toptronic Digital Multimeter Autocheck DMM TBM685 from HellermannTyton. No correspondence will be entered into and the decision of the organisers will be final.

No staff members of Crown Publications or their families may enter.
